REPORT OF PLANNING BOARD

At the March 1972 Town Meeting voters approved the formation of a 7 member planning board to study the Town's development and report recommendations for Effingham's future growth.

The Selectmen appointed the following to serve on the Board for the terms designated:

Melvin Fenderson, Selectman	1 year

Raymond Van Tassel	1 year
Bernard Edwards	2 years
Harold Potter	3 years

— adoption of by-laws
— monthly meetings, open to the public
— committee for the preparation of an official Town Map
— committee to conduct an opinion survey among voters
— recommendation that the town authorize the Planning Board to regulate new subdivisions.
— recommendation for Effingham to become a member of the Lakes Region Planning Commission.
— recommendation that the Town appropriate $100.00 for operational expenses of the Board in 1973.

The opinion survey conducted among voters was very rewarding and helped guide the Board in its decisions. The following is a brief recapitulation of the preliminary returns as of Feb. 1.

HEALTH DEPARTMENT

Several new sewage systems were installed in town this year and all were inspected and approved. One installation required minor changes before being covered.

An investigation of one complaint resulted in condemnation of the installation and the unit was ordered out of service. (This unit was put in without the approval from Concord.)

You **must** file plans and obtain approval from Concord **before** any sewage system can be installed. Information may be obtained by writing; N. H. Water Supply and Pollution Control Board. 105 Loudon Rd. Concord, New Hampshire 03301.

One Red Fox and two Raccoon killed on the highways were buried.

Respectfully submitted,

ALLEN F. CRABTREE
Health Officer

EFFINGHAM FIRE DEPARTMENT

The Effingham Fire Department answered nine calls during 1972. The Department had 10 drills and 8 test runs.

TYPES OF FIRES

2 Chimney
1 House
1 Brush
1 Rubbish
1 Standby for Public Service (power lines down)

MUTUAL AID

1 Parsonsfield
2 Ossipee Corner
1 West Ossipee

The fire apparatus was used for standby while the Dump was burned on 6 occasions.

Through the Civil Defense Department, Effingham was able to acquire a 2½ ton, six-wheel-drive truck for use as a piece of fire apparatus at no cost to the Fire Department.

The Fire Department now has two pieces of radio-equipped apparatus and one that is equipped with Scott-Air Pak breathing apparatus.

During 1972 approximately 28 members of the Department attended State instructed fire classes. The classes were on basic fire fighting and use of the Scott-Air Pak apparatus.

Through the hard work and efforts of the Auxiliary the Department made many gains which would otherwise have been impossible.

The Effingham Fire Department meets at Station # 1, Lord's Hill, at 7:30 p. m., the first Wednesday of each month. These meetings are open to the public - please feel free to attend and see how we function.

Effingham Fire Department telephone numbers: 539-4864 or 539-4907. Please give name, location and type of fire.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

In New Hampshire, forest fire control is a cooperative State-town program. The Town Forest Fire Warden, appointed by the Director, Division of Resources Development upon recommendation of the Selectmen and the State's District Forest Fire Chief is responsible for fire suppression and other related duties. The State shares equally with the town in the cost of most forest fires, except illegal and careless fires, which are charged to the responsible party. The State further provides fire detection services, prevention programs, fire training for town wardens and crews, and back up equipment for fire suppression .

By authority of the State, the Town Forest Fire Warden controls all outside burning in his town except backyard cooking fires. Any person wishing to kindle a fire when the ground is not covered with snow must obtain a fire permit free of cost, from the Town Forest Fire Warden. No permits will be issued for fires between 9:00 A. M. and 5:00 P. M. unless it is raining, except for commercial purposes.

Please be careful when using fire, remember it can be an extremely useful tool when under control but once allowed to run wild it can become a disastrous and devastating force. Only you can prevent a forest fire.
